PROJECTS

MY PERSONAL PORTFOLIO

REACT JS APPLICATION

https://ecalsancak.netlify.app

My personal portfolio done with react. It utilizes tailwind and has a responsive design. It includes all my personal contact info and the projects I've done.

EDUCATION/SCHOOL WEBSITE

VANILLA JS APPLİCATION

https://ealsa.github.io/Education-Website/

Multipage course marketing website done with HTML/CSS/JS

WEATHER APP

REACT JS APPLICATION

https://ealsa.github.io/react-weather-app/

A weather app done with React. Allows you to make a search for the current weather by simply typing cities or countries. It shows you both hourly and daily forecast. It utilizes **openweathermap API** and react hooks.

E-COMMERCE

REACT JS APPLICATION

https://ealsa.github.io/e-commerce-react/

Simple e-commerce website done with react. It utilizes bootstrap, react skeleton loader, redux for cart component and fakestore API to fetch products.
